

NEW TRAILS IN THE SOUTH WEST July 2019

Three church trails for children at St Maurice Plympton, St Mary's Plympton and St Francis of Assisi, Plymouth have now been completed. Children from local schools attended the launch of each trail, with one school sending two classes.

Two memory trails for St Maurice Plympton and St Mary's Plympton have also been completed and presented to the church.

South Devon's second Town Trail has been completed and presented to the Chairman and Trustees of Tavistock Heritage Trust. One of the Trustees is Geri Parlby who is a member of our Society and a popular lecturer for The Arts Society. The presentation was accompanied by a cream tea, Tavistock being the mythical birthplace of the Devon cream tea. Two French tourists visiting the Visitor Information Centre at the time of the presentation were able to sample the cream tea.
